Timothy's Tic-Tac-Toe

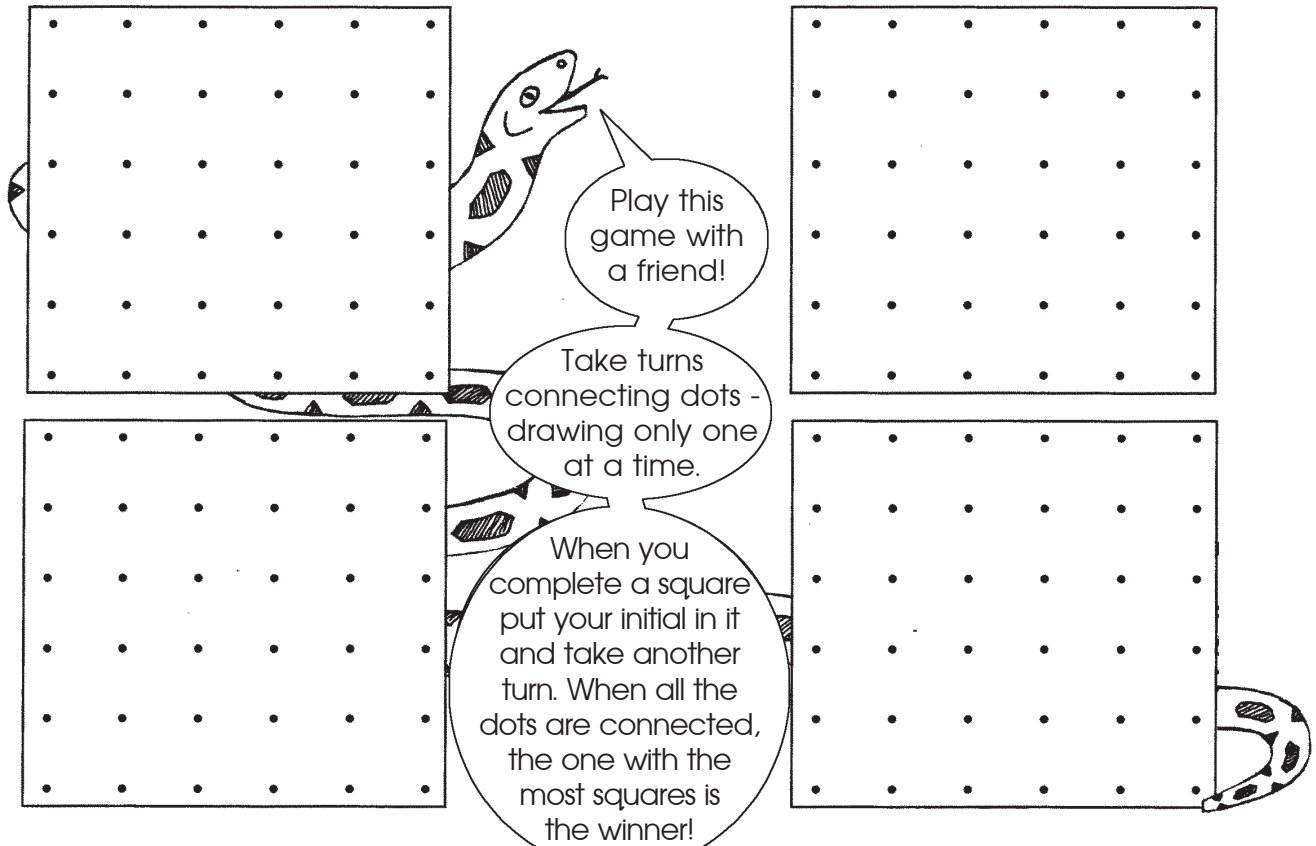

Hey kids!

Play a typical Tic-Tac-Toe game by using "x's" and "o's" in the boxes.

Make sure you Signal and sound the animal letter on which you've put your mark.

Sammy's Squares

Play this game with a friend!

Take turns connecting dots - drawing only one at a time.

When you complete a square put your initial in it and take another turn. When all the dots are connected, the one with the most squares is the winner!

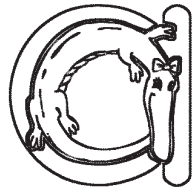

Zoophonia's Dot-to-Dot

Connect the dots near the a-b-c's and the numbers to find out who this lady is! (Start near the arrows!) It is Zoophonia! She is our school teacher who works with the animals to teach children how to read and spell all over the world!

Our Animal Friends, "a - m"

Color the letters and the animals. By saying the name of the animal (allie alligator, bubba bear, catina cat, etc.) you can learn the sounds of the letters! If you Signal and sound each animal letter before and after you color it, it will help you learn the sounds and shapes of all the letters in the alphabet!
