Join us for a Workshop in your area!

The award-winning Zoo-phonics' multisensory curricula grabs and keeps children's AND teachers' attention through playful, physical, vervistic and mnemonic curriculum.

- Boys and girls learn the alphabet, reading, spelling and writing easily and quickly! *No gender gaps here!*
- Low income has no negative impact on children's learning! *No achievement gaps here!*
- English Language Learners and Special Needs Students learn at a rapid rate! *No achievement gaps here!*

Please visit zoo-phonics.com for workshop details and the research that supports its efficacy.

Condensed Training Only $49.00!

Our Hands-On, Comprehensive Part I Zoo-phonics Workshop Teaches...

- *all* aspects of language arts (alphabet, phonemic awareness, rhyming, segmenting, blending, word building, phonics, reading, comprehension, critical thinking skills, oral language, spelling, writing, punctuation and grammar) in a manner that **keeps even the wiggliest children engage**d!
- lower- and uppercase letter shapes and sounds - through our Animal Alphabet's Alliterative Animal Names and Body Signals (purposeful body wiggles!). These act as **mnemonics** to lock the sounds and shapes of the alphabet into **memory**.
- VC/CVC word building, segmenting, sound blending, reading, spelling and writing.
- the **schwa, blends and digraphs** with a quick intro to **long vowels, r-controlled vowels, diphthongs, silent letters and soft sounds**.
- **"close reading"** of Zoo-phonics and literature.
- **handwriting and creative writing.**
- how to integrate math, science, art, music, self-help skills, physical education, sensory-drama, etc. into your instruction.

Additional Workshops Available

- If you teach **kindergarten or first grade**, we highly recommend that you take our **Advanced Zoo-phonics Workshop** after the "**Comprehensive**" to solidify your phonics skills (long vowels, r-controlled vowels, diphthongs, silent letters and soft sounds).
- Enjoy our **"Make and Take" Workshop** – create fun materials to take and use in your classroom!
